MotoAmerica Technical Bulletin

05-5000-25 Yamaha YZF-R9 Swingarm

All MotoAmerica Supersport Teams and Competitors:

For all Yamaha YZF-R9 entries, only the original equipment swingarm part number BKN-22110-00-00 (as supplied on the homologated motorcycle) is permitted. The use of any alternative swingarm is strictly prohibited.

Limited modifications in the chain-guide/chain-adjuster area are allowed solely for the purpose of achieving full chain adjustment travel within the OEM swingarm. These modifications must strictly follow the configuration shown in the reference photographs attached to this bulletin.

No other modifications to the swingarm are permitted unless explicitly authorized in writing by MotoAmerica Technical Direction.

Reference photographs are attached for clarification.

Thank you for your attention and continued compliance.

Please refer to the 2026 FIMNA/National/MotoAmerica Eligible Parts for Competition List for approved modifications to the Yamaha R9.
