COMPETITOR BULLETIN 15-2027

Rider Safety Equipment

Suit Airbag Requirement: Airbags are required for all rider suits and the list for approved airbags can be found here: https://competitors.motoamerica.com/PDF/Bulletins/FIMNA%20Approved%20Airbags.pdf - this is required for competitors in all classes. If a rider is unable to meet the requirement he or she may contact permanentbureau@motoamerica.com for exceptions.

Helmet Requirements: The FIM FRHP-he02 helmet is required equipment for the following classes and the list of the homologated helmets that are required for competitors in Superbike, Superbike Cup, Supersport and Talent Cup classes can be found here: https://www.frhp.org/p/public/Public_Circuit_Helmets_Homologated_Helmets_FRHPhe_02 . It is important to note that manufacturers may have the same helmet model that doesn't include the hologram label, and these would not be eligible for use. *Only helmets with the FRHP-he02 FIM QR code sewn on the chinstrap are accepted in FIM events.*
